

Contents for Volume 3

Volume 3, Number 1, 1993

- 1 **Editorial: Time Is Brain!**
Camilo R. Gomez
- 3 **Outcome and Pathogenesis of Stroke Is Conditioned by Place of Stroke Occurrence**
Er-Juan Feng, Anthony J. Orenca, and Jack P. Whisnant
- 9 **Transcranial Doppler Findings During Spontaneous Recanalization of Vertebrobasilar Occlusions**
Michael A. Sloan, Allan Krumholz, and Daniele Rigamonti
- 15 **Artery-to-Artery Cerebral Emboli Detection with Transcranial Doppler: Analysis of Eight Cases**
Stephanie Lash, David Newell, Marc Mayberg, Alexander Spence, Colleen Douville, Sheila Byrd, and H. Richard Winn
- 23 **Predictors of Cerebral Infarction Following Transient Ischemic Attack**
Askiel Bruno, Lynn Jeffries, Elizabeth LaKind, and Clifford Qualls
- 29 **Comprehensive Outpatient Approach to Stroke Rehabilitation**
Kanakadurga Rao Poduri and Sharon L. Steimer
- 49 **Ticlopidine Aspirin Stroke Study: Outcome by Vascular Distribution of the Qualifying Event**
William Pryse-Phillips for the Ticlopidine Aspirin Stroke Study Group
- 57 **Impact of Transesophageal Echocardiogram on the Management of Acute Stroke**
R. K. Mosewich, A. Shuaib, B. Cujec, and P. Polasek
- 61 **Smoothly Progressive Cerebral Infarction Over Three Weeks: Clinicopathological Study in a Patient with Carotid Occlusion**
Julien Bogousslavsky and Judith Miklossy
- 65 **Influence of Site on Course of Intracerebral Hemorrhage**
Daniel B. Hier, Debra J. Babcock, Mary A. Foulkes, J. P. Mohr, Thomas R. Price, and Philip A. Wolf
- 75 **Book Reviews**

Volume 3, Number 2, 1993

- 77 **Editorial: Omental Transposition for Cerebral Revascularization**
Harry S. Goldsmith
- 81 **Thalamic Infarcts: Effects of Cerebral Blood Flow, Metabolism, and Neuropsychological Function**
Gudrun Boysen, Peter Høgh, Hans Pedersen, Gunilla Öberg, Peter Bruhn, Anne Marie Thomsen, Charlotte Videbæk, Steen Hasselbalch, and Olaf Paulson
- 90 **Longitudinal Outcome Among Patients with Ischemic Vascular Dementia**
John Stirling Meyer, Yasuo Terayama, Shutaro Takashima, and Karl F. Mortel
- 102 **Differences in Erythrocyte Aggregability Between Multi-Infarct Dementia and Alzheimer's Disease**
Shizuko Matsuoka, Yasuo Fukuchi, Minoru Tomita, Norio Tanahashi, and Hidetaka Takeda
- 106 **Diagnal Earlobe Creases and Ischemic Stroke: Preliminary Report**
Ross L. Levine and Richard F. Daly
- 112 **Nosocomial Stroke**
Stephen J. Marks, Michael D. Bennett, James Zisfein, and Brij M. Singh

CONTENTS FOR VOLUME 3

- 115 **Platelet Antiaggregants in Secondary Prevention After Stroke: Does Dipyridamole Add to the Effect of Aspirin?**
Herman J. Gelmers and Jan G. P. Tijssen
- 121 **Sneddon's and the Primary Antiphospholipid Syndrome: Confusion Clarified**
Ronald A. Asherson and Richard Cervera
- 123 **Peri-Infarct Perfusion in Human Ischemia: Its Relation to Tissue Metabolism, Morphology, and Clinical Outcome**
Gereon R. Fink, Karl Herholz, Uwe Pietrzyk, Michael Huber, and Wolf-Dieter Heiss
- 132 **Stroke: The First Six Hours—Editorial**
Clark H. Millikan
- 133 **Stroke: The First Six Hours—Emergency Evaluation and Treatment**
National Stroke Association Consensus Statement

Volume 3, Number 3, 1993

- 145 **Association of Thromboxane B2 Production to Hypoxemic Periods During Sleep in Male Stroke Patients**
Heikki Palomäki and Markku Kaste
- 150 **Contribution of Remote Cortical Dysfunction to the Pathogenesis of Subcortical Aphasia: A ^{99m}Tc-HMPAO SPECT Study**
G. Demeurisse, M. Verhas, J. Paternot, and A. Capon
- 157 **Racial Differences for Lacunar Infarcts Documented by Computed Tomography: A Comparison of Black and White Patients**
Leon A. Weisberg
- 164 **Lacunar Infarction Due to Carotid Stenosis**
Douglas Gelb
- 168 **Ticlopidine Versus Aspirin for Stroke Prevention: On-Treatment Results from the Ticlopidine Aspirin Stroke Study**
Ticlopidine Aspirin Stroke Study Group
- 177 **Delay Between Emergency Room Arrival and Stroke Consultation**
Maheen M. Malik, Camilo R. Gomez, Roekchai Tulyapronchote, Marc D. Malkoff, Rama Bandlamudi, and Gerald A. Banet
- 181 **A Differential Effect of Aspirin on Prevention of Stroke in Atrial Fibrillation**
The Stroke Prevention in Atrial Fibrillation Investigators
- 189 **Small Deep Cerebral Infarcts: Is There Synergism Between Hypertension and Diabetes?**
Patrick Pullicino and Anthony Zammit
- 193 **Recognizing Depression: Preliminary Testing of the Whitney Observational Depression Index**
Fay W. Whitney and Eileen Michaels Burns
- 202 **Natural History of Patients with Chronic Occlusion of the Internal Carotid Artery**
Juan Nader and Julien Bogousslavsky
- 208 **Book Review**

Volume 3, Number 4, 1993

- 209 **Coping and Life Satisfaction After Stroke**
Gale Robinson-Smith
- 216 **Headache Characteristics in Aneurysmal Subarachnoid Hemorrhage**
Thomas A. Lansen, Samuel S. Kasoff, and William Vingiano
- 222 **Cerebrovascular Complications of Infective Endocarditis**
Rong-Guey Horng, Ping-Keung Yip, Wen-Jone Chen, and Rong-Chi Chen
- 228 **Delay Time Between Onset of Ischemic Stroke and Hospital Arrival**
José Biller, James T. Patrick, Alan Shepard, and Harold P. Adams, Jr.
- 231 **A Prospective Evaluation of the Utility of Clinical Data in Distinguishing Acute Large Vessel from Lacunar Cerebral Infarctions**
S. Nadeau, J. Jordan, and S. Mishra

240	Reversal of Acute Ischemic Hypodense Lesions on Computed Tomography <i>D. K. Kim, Marc R. Mayberg, Joseph M. Eskridge, David W. Newell, and H. Richard Winn</i>
244	Decision Analysis and Carotid Endarterectomy <i>Stephen E. Nadeau</i>
256	Big-Endothelin in Acute Ischemic Stroke <i>G. F. Hamann, E. Isenberg, M. Strittmatter, R. Moili, and K. Schimrigk</i>
261	Shoulder Pain in Stroke Patients and Its Effects on Rehabilitation <i>Kanakadurga Rao Poduri</i>
267	Comparisons of Polio-Araiosis and Leuko-Araiosis in Dementias of Ischemic Vascular and Alzheimer Types <i>Yasuo Terayama, John Stirling Meyer, Shutaro Takashima, Katsuyuki Obara, and Susan Weathers</i>
276	Book Review
278	Author Index for Volume 3
279	Subject Index for Volume 3
281	Contents for Volume 3
