Fourth International Conference on Xenon CT-CBF and Clinical Problem Solving in Neurology and Neurosurgery

The 1997 Fourth International conference on Xenon CT CBF and Clinical Problem solving in Neurology, Neurosurgery, Critical Care, Emergency Medicine, and Neuroradiology using Functional CT will take place June 10-13, 1997 in Houston, Texas.

Sponsored by the Baylor College of Medicine Department of Neurology and International Salzberg Conference on Cerebrovascular Disease. This three-day conference will be held at the Omni Houston Hotel, Four Riverway, Houston, Texas. 16 AMA Credit hours available.

For more information please contact Lila K. Lerner, Conference Coordinator, Office of Continuing Education, Baylor College of Medicine, One Baylor Plaza—S104, Houston, TX 77030; (713) 798-6020; Fax (713) 798-7955.

Neuroscience Opportunity

Saint Thomas Health Services, a member of the Daughters of Charity National Health System, has a full-time opportunity for a Stroke Program Coordinator in our growing Neurosciences Program

Responsibilities will include assessing patient condition; planning and implementing interventions; and evaluating patient responses under the direction of and in collaboration with the Stroke Program Medical Director. The qualified candidate will act as a role model, consultant, and educator utilizing research and standards as a guide.

Masters degree (preferably in Nursing), three years experience in an appropriate healthcare setting, and current Tennessee RN licensure required.

Certification by the American Association of Neuroscience Nursing or comparable appropriate board preferred. Candidate must be able to take call.

Please call Renee Flis at (615) 222-2805 or send or fax resume and salary history to: Human Resources, Saint Thomas Health Services, 4220 Harding Road, Nashville, TN 37205; Fax (615) 222-6869.
